

TRANSPORT PACKAGING

THIMM ePack | protect is patented multi-purpose padding for fixing different product sizes and shapes. The automatic fixation reduces handling and material costs by over 50%. Products can be packed controlled and easy with folding mechanism in the innovative construction.

THIMM ePack | protect

Patented multi-purpose padding for product fixing

CUSTOMER BENEFITS

Patented multi-purpose padding for safe transportation

- » Fixing for different product sizes and shapes
- » Elastic bands secure the product dynamically during the transport

Handling and material savings of up to 50% over standard solutions by automatic fixation

- » Increase in production efficiency through reduction in packaging variety
- » Controlled and easy packing with folding mechanism in the innovative construction

Lower logistics and production costs due to multi-purpose solution

- » Lower logistics and processing costs due to processing of only one multi-purpose design
- » Adapted format increases palette utilisation

ENVIRONMENTAL ASPECTS / SUSTAINABILITY

- » CO₂-savings in the warehouse and in logistics due to multi-purpose padding
- » Simple to recycle as made 100% of corrugated cardboard

>> Design number: 136830.03.701_1

APPLICATION AREAS

- » Mail order
- » High-quality electronics
- » Sensitive goods

Custom solutions available on request
