

# DESIGN AND SPECIAL CONSTRUCTIONS

The THIMM SmartphoneBag is an environmentally aware charging bag for smartphones made of 100% corrugated board. The packaging protects the smartphone when charging, while it at the same time always remains handy and ready to use. The charging bag is ideally suited for seasonal campaigns, personalisation and expressive designs.

## THIMM SmartphoneBag

Environmentally aware charging bag for smartphones

### CUSTOMER BENEFITS

#### Simply practical: plug in, connect, charge!

- » Effective protection of the smartphone while charging
- » Easy attachment of the charging bag to a socket
- » Easy connection of the mains plug through the opening
- » Prevention of tripping hazards and damage due to fixed positioning in the holder

#### Unique design through individual design possibilities

- » High degree of advertising effectiveness due to printing possibilities on both sides of the die-cut
- » Optimal realisation of seasonal campaigns, personalisations and expressive designs
- » Ideally suited for promotions and product ranges

» Design number: 151064.02.802
